BULBS

Direct from Holland

WELL GROWN - WELL PACKED

Your Guarantee for Beautiful Flowers Next Spring!

For centuries Holland has been known as the bulb center of the world. Everyone recognizes the superior quality of Holland bulbs—grown to perfection by men who have generations of experience behind them. No machines are used on the Stassen bulb farms that might cause injury to the bulbs. Each bulb is planted by hand, cultivated by hand, and dug by hand—a real labor of love that results in each bulb being a perfect specimen capable of superior performance.

Your bulbs are forwarded to you direct from our Holland Bulb Farms, freshly dug and expertly handled to preserve the embryo flower (see below). Only choice quality and varieties are selected and they are *all* individually packed, labeled, and delivered to you just as they come to us—in special perforated bags to keep them in best condition.

At our bulb center in Roslyn Heights, your bulbs receive the same expert care and attention they received in Holland. Immediately upon arrival, the crates are opened, the bulbs properly stored, and your bulbs are shipped to you at the proper planting time. This assures you of top-quality bulbs, carefully grown, expertly packed and handled, and ready to give you the most beautiful spring garden you've ever had!

WHAT "MAGIC TREASURE" UNFOLDS THE BEAUTY OF HOLLAND BULBS?

The Flower Bud in the Bulb →

If you cut through a flower bulb in the fall, you will find the embryo of the flower inside the bulb and complete in every detail as this Hyacinth bulb photograph to the right illustrates. *It is essential that this flower bud, which is constantly growing, is carefully guarded by keeping the bulbs at the proper temperature and giving them the best care and handling, from the time they are harvested in Holland until you plant them here in America.*

STASSEN protects this "magic treasure" so your bulbs will unfold into glorious beauty in your garden next spring.

*The Inside Story
of Tulips*

ECLIPSE

A radiant Tulip revealing hidden beauty as petals open wide.

25 for \$2.45

For many years, emphasis has too often been placed on the exterior beauty of Tulips. They are usually described as brilliant, large-cupped flowers on stately stems. BUT there is a MAGIC BEAUTY to be found in the heart of many Tulip varieties. As the petals unfurl, exquisite patterns in a variety of shapes and colors are exposed to view—some contrasting, while others blend with the over-all color. In others, you will discover luxuriant halos cradled deep within the flower. For added enjoyment, look for this HIDDEN TREASURE which enhances the beauty of your Tulips and makes them so much more valuable!

And here's a tip: After cutting the Tulips, just turn back the flower petals to display their exquisite interiors. Instead of just an ordinary bouquet of Tulips, you will achieve an unusual and entirely different Tulip arrangement.

**SPECIAL OFFER OF
"Inside Tulips"**

ECLIPSE. Outside deep blood-red. Same color inside, with intense, dark blue heart surrounded by clear white halo	10	50
	\$1 15	\$4 90

Adventures with Tulips! This lad discovers for himself the inside beauty of the tall May Tulips.

MAY TULIP GARDEN

Bursting into glorious blooms in May, Tulips bring renewed life to the seemingly dead earth and symbolize the ever-returning spring. Add gaiety and magnificent color to your May garden, for no other flowers bring so much cheer and are available in so many different colors as the Tulips. With the following groups, you can make spring the most colorful and exciting event of your gardening year!

PASTEL TULIPS

A special selection of tall-stemmed, May-flowering varieties exclusively in mellow, yet scintillating colors Will harmonize beautifully with your flowering shrubs or trees which bloom at Tulip time.

	80	2 00
	\$0 40	\$1 00
MAYTIME. Unusually large flower of bright reddish violet with edges tinted silver. Opens wide to reveal golden heart with bluish white halo.....	80	2 00

COLLECTION 38
15 5 each of above 3 LILY TULIPS \$2.75

May Tulips planted with Dogwood and other May-flowering shrubs make an unforgettable garden picture.

Fantastic PARROT TULIPS

The beautiful Parrot Tulips are curious novelties creating interest and excitement in the garden. Their petals are slashed and fringed along the edges and capriciously marked with splashes of green on the outside. They are always eye-catching because of their whimsical forms and coloring. Plant them in clumps throughout the border, in front of shrubs. Their bold, brilliant colors show up splendidly when planted in front of evergreens. Their fantastic shapes and artistic colors make them especially suitable for cut-flower arrangements. Height 16 to 28 inches.

BLUE PARROT. A remarkably beautiful Parrot of glorious bright blue, flushed steel-blue. Deeply fringed flowers which, when fully opened, are 10 astonishing in size..... \$0.95 \$4.00

FANTASY. Lovely, clear rose-pink with shadings of deep, velvety rose, with handsomely laciniated and scalloped petals. The elegantly shaped flowers are carried on strong, sturdy stems..... 95 4.00

FIREBIRD. Enormous flower of intense, fiery red, which always creates a sensation in the garden. A rare beauty with deeply fringed petals..... 1.05 4.40

ORANGE FAVORITE. A listening deep orange, slightly tinted rose and softly feathered green on outer petals. Very sweetly scented, it is the most fragrant Tulip..... 95 3.90

PIERSON. A magnificent shade of rich blood-red. An exceptionally large flower produced on a tall, sturdy stem. Highly recommended..... 95 3.90

SUNSHINE. A charming Parrot of clear golden yellow with artistically fringed and daintily cut petals. A lovely variety for floral arrangements..... 1.25 5.20

VIOLET QUEEN. An immense flower of indescribable beauty! A lovely lilac-blue with soft suffusions of pale violet and large white base. A perfect beauty which is fast becoming a universal favorite..... 1.55 6.50

Special Mixture of Parrot Tulips

A brilliant mixture of the most unusual and exotic Parrot Tulips. Many different colors and whimsical shapes are included. For splashes of bold, brilliant colors and for the most unusual display you've ever had, plant this extra-fine mixture throughout your garden.

Exciting New

PEACOCK TULIPS

A new hybrid group with the peculiar characteristic of unfurling their blossoms full and wide, thereby revealing the magnificent color variations of the interiors in a manner similar to the peacock, which proudly displays its feathers. These bright, gay Tulips display an amazing variety of different shades and rare color combinations seldom seen in Tulips before. The attractive foliage is always distinctly striped purple-brown, similar to the parent plant Greigi. The exotic flowers are long lasting, blooming continuously from the time of the early to the late-flowering Tulips. Heights vary from 8 to 18 inches. Supply is still limited.

10 for \$3.20

3 for \$1.05 25 for \$6.75

KAUFMANNIANA and BLUE SCILLA

Kaufmanniana Tulips and the bright, deep blue Scillas create an exciting garden picture in very early spring. Left undisturbed, the Kaufmanniana Tulip will appear each year and the Scillas will increase in beauty and number year after year.

**COLLECTION 39. 10 Kaufmanniana Tulips
25 Blue Scillas 35 for \$3.10**

CLUSIANA and BLUE GRAPE HYACINTHS

A lovely and striking combination. An exquisite carpet of dark blue, above which the contrasting white and red colors of the Candystick Tulip show up splendidly.

25 Blue Grape Hyacinths 35 for \$1.40**

RED EMPEROR TULIPS and MOUNT HOOD DAFFODILS

When planted together, the brilliant Red Emperors and the pure white Mount Hood Daffodils create a bold and never-to-be-forgotten picture in your garden.

**COLLECTION 41. 5 Red Emperor Tulips
10 Mount Hood Daffodils 15 for \$3.25**

Amazing New BOUQUET TULIPS

A Whole Bouquet of Tulips from Every Bulb!

Imagine 4 dazzling Tulips from a single stem instead of the conventional one! Each bulb will produce one main stem growing approximately 20 inches in height with side branches, each branch carrying its own Tulip flower! Just one plant will give you all the flowers you need for a floral arrangement! You will be amazed at the magnificent display you can achieve by planting a few clumps here and there throughout the garden. Only a limited supply is available.

RADIANT RED Bouquet Tulip. Magnificent, brilliant red. The color is so intense as to be almost blinding! The large flowers are produced on a very strong stem and sturdy side branches.

3 for 70c 10 for \$2.10 25 for \$4.75

M. MOTSETT Multiflora Tulipa. Creamy white flowers are gracefully borne on strong, slender stems. When in full bloom, the flowers have a delicate rose flush.

3 for 60c 10 for \$1.80 25 for \$4.00

APRIL GARDEN OF

SINGLE EARLY TULIPS

Among the most welcome sights in spring is the bursting into bloom of the Single Early Tulips. Of all the early spring-flowering bulbs, the Single Earlies are unrivaled in beauty and brilliancy of color. Commencing to bloom just before the May Tulips, they provide abundant color when it is so much needed in the garden. Growing on shorter stems, they are very strong and highly resistant to the harsh winds and rains of spring. They are exceptionally valuable for planting in borders, formal beds, or in front of evergreens. Height 12 to 14 inches.

COULEUR CARDINAL.	Deep scarlet. Large, pointed flower . . .	10	50	\$1.20	\$4.90

25 for \$2.25

DOUBLE EARLY PEONY TULIPS

Among the gayest and boldest Tulips to bloom in early spring! Produce large flowers, which are fully double, in a brilliant array of color. They are unexcelled for planting where mass effects are desired, and their long-lasting qualities make them particularly valuable for bedding purposes. For splashes of bold, brilliant colors, plant them in clumps throughout the garden. Or use them to line your driveway and paths, for they make a perfect early spring-flowering hedge—growing only 12 inches high and resembling an Oriental carpet!

The following collection consists of the 8 main Hyacinth colors listed above. It is especially valuable for planting where a border of Hyacinths, grouped by color, is desired. Of uniform height, they will all bloom at the same time.

COLLECTION 27

3 Bulbs each of the above 8 colors
24 for \$3.60

Rainbow Mixture of Garden Hyacinths

Very few flowers have colors which harmonize as beautifully as Hyacinths. For this reason, this amazing mixture of the brightest colors is especially suitable to plant as a solid bed, or scattered in clumps throughout the garden. Produce very large flowers of uniform height, making them easily adaptable to any design or pattern. Highly fragrant.

25 for \$3.55 **10 for \$1.55** 100 for \$13.25

A Border of Hyacinths and Daffodils for your garden as illustrated to the left

Plant the fragrant, colorful Hyacinths together with Golden Trumpet Daffodils which bloom at the same time. Use the Daffodils as a background, for they will make the brilliantly colored Hyacinths stand out more boldly.

COLLECTION 46

A group of 6 HYACINTHS of each of the 5 colors Blue, White, Red, Yellow, Pink and 30 GOLDEN TRUMPET DAFFODILS
60 for \$6.20

The Garden and Indoors

EXHIBITION HYACINTHS

Any flower fancier will impatiently watch the development of these beautiful flowers and enjoy with ever-returning enthusiasm the tender beauty of the bell-shaped, highly perfumed flower spikes. These large-size bulbs produce enormous, fully packed flowers and create the most charming and boldest displays in the garden. The following varieties are highly recommended for pots and window boxes as well as for garden use where large, compact flowers are desired.

BISMARCK. Sky-blue.

CITY OF HAARLEM. Bright yellow.

DELT BLUE. Porcelain-blue.

JAN BOS. Rich scarlet.

LADY DERBY. Satin rose.

L'INNOCENCE. Pure white.

MYOSOTIS. Pale blue.

OSTARA. China-blue.

QUEEN OF THE WHITES. Snow-white.

PINK PEARL. Light pink.

SHELFORD PASTEL HYBRIDS

Rare and Unusual Foxtail Lilies

Originating in Tibet, Foxtail Lilies are very seldom seen in American gardens and always cause a sensation when in bloom. Imagine these spikes growing 4 to 5 feet tall and covered with *hundreds* of pale yellow, vivid orange, salmon-pink, and copper flowers! After flowering in early spring, the plant will disappear and annuals can be planted over them. They are perfectly hardy and will last for many years. Perfect as cut flowers, lasting 2 to 3 weeks in water! For spectacular displays, plant in groups of 3 or more. Large flowering roots.

Each \$2.00

10 for \$17.00

3 for \$5.50

Giant Trumpet DAFFODILS

Trumpet Daffodils enjoy the greatest popularity and are among the most cheery and lusty of all spring flowers. Hardy and dependable, they lead the parade of Narcissus, making a superb picture when planted in clumps by themselves or when combined with other early-flowering bulbs.

BEERSHEBA. Pure white perianth; long, slender, pure white trumpet elegantly frilled at the mouth.
10 for \$2.40 25 for \$5.60 100 for \$20.50

COVENT GARDEN. Large, deep golden yellow flower of perfect form and substance. Very rich flowering.
10 for \$1.60 25 for \$3.75 100 for \$13.50

KING ALFRED. Lusty flower of purest yellow. An extremely popular and vigorous variety producing very large flowers.
10 for \$2.00 25 for \$4.60 100 for \$17.00

MRS. E. H. KRELAGE. A graceful Daffodil having a pure white perianth. The elegant trumpet opens creamy white and gradually changes to pure white.
10 for \$1.60 25 for \$3.75 100 for \$14.00

MUSIC HALL. The snow-white perianth contrasting with the uniform yellow trumpet makes this one of the showiest Daffodils in the garden. Very free flowering.
10 for \$2.30 25 for \$5.15 100 for \$19.50

REMBRANDT. Large, deep flowers of uniform pale yellow throughout. One of the best in this color class.
10 for \$1.90 25 for \$4.40 100 for \$16.00

For permanent planting and a wealth of flowers, plant Daffodils in clumps of 3 or more of a variety.

COLLECTION 19

HERALDS OF SPRING—Bulbs to let you know winter is past!

Think of the joy and excitement of discovering "The First Flowers of Spring"! Even while there are still traces of snow on the ground, they will make their bold appearance and jubilantly announce that spring is stirring in the air! Plant these Heralds of Spring in your garden—under trees, shrubs, in the rock garden or scattered throughout the lawn. Each year they will appear in greater numbers, enabling you to share one of the most genuine delights of life.

ANEMONE BLANDA (Grecian Windflower). Beautiful starry flowers in the most brilliant and startling shades of blue, ranging from light amethyst to ultramarine. Absolutely hardy and perfect for naturalizing, increasing very rapidly.	10	25	100
Flowers in late March.....	.50	.55	\$1.20
			\$4.50
CHIONODOXA (Glory-of-the-Snow). The most charming of all spring flowers. The joy of beholding them is renewed daily during their flowering time. In spite of cold or snow, they begin to flower early in spring, producing an abundance of pretty, star-shaped, lively blue flowers. Do well in sunny and shady positions. Left undisturbed, they will increase rapidly in both number and size....	30	.65	2.25
	.40	.90	3.25
FRITILLARIA MELEAGRIS (Guinea-Hen Flower). Produces lovely, pendent, bell-shaped flowers in checkered shades of yellow, white, purple and brown. Height 12 inches. Flowers in April and May. Mixture of all colors.....			
	.40	.90	3.25
GRAPE HYACINTHS, BLUE (Muscari). A favorite among our early spring-flowering bulbs, producing lovely spikes of the clearest blue flowers. You can make the most beautiful edgings and groups with them. Plant them generously in rock gardens, under trees and shrubs or combine with Daffodils for an exquisite garden arrangement. Height 6 inches. Blooms in April and May.....	30	.65	2.25
	.45	1.00	3.50
GRAPE HYACINTHS, WHITE . A pretty, snow-white variety which contrasts beautifully with the Blue Grape Hyacinths.....			
	.45	1.00	3.50
IRIS RETICULATA (Sweet-scented Iris). A delightfully fragrant Iris. Produces exquisite flowers of deep purple with golden spot. Especially valuable for rock gardens. Very effective when planted in large clumps in the border. Height 6 to 8 inches. Blooms early April.....	50	1.15	4.25
	.35	.70	2.50
PUSCHKINIA LIBANOTICA . Produces a wealth of creamy white flowers marked with beautiful china-blue stripes. They flower abundantly for a lengthy period, in sunny as well as shady places. May be left undisturbed for years. Grows 5 inches tall and blooms in April.....			
	.40	.90	3.25
SCILLA CAMPANULATA . (Wood Hyacinths). Tall, erect spikes of open Campanulate flowers. Valuable for group planting in the flower bed or as companions to the May Tulips. Unexcelled for naturalizing in wild gardens and woodlands. Blooms in May.			
BLUE	WHITE	PINK.....	
	.40	.85	3.00
SCILLA CAMPANULATA . Mixed colors. What is more beautiful than patches of blue, white, and pink blending over the ground while shrubs and trees show their first fresh, green foliage?.....			
	.40	.85	3.00
SCILLA SIBIRICA (Blue Squill). Squills produce several spikes of intense blue flowers, 4 inches tall. Ideal for naturalizing, not being particular as to the soil. Valuable for edgings, rock gardens, and for massing in large groups under trees, shrubs, and in the border. Bloom in April.....	45	1.00	3.50
	.45	1.05	3.75
SCILLA SIBIRICA, WHITE . A distinctly beautiful, snow-white form of the above.....			

SNOWDROPS, SINGLE (*Galanthus nivalis*). Their lovely, nodding blooms appear before the frost is out of the ground. For best effects, they must be planted thickly under trees, shrubs, and in rockeries where they will soon make dense colonies. Once planted, they remain for years.....

10 25 100
\$0.60 **\$1.35** **\$5.00**

SNOWDROPS, DOUBLE. An elegant variation of the single Snowdrop. This variety has lovely flowers with cups filled with soft, small petals. Very unusual and seldom seen in gardens. They flower a little later than the Single variety.....

.75 1.60 6.00

WINTER ACONITES (*Eranthis hyemalis*). The buttercup-like flowers rise above a dark green rosette of foliage 3 inches above the ground. They bloom a few weeks before the Crocus, sometimes even while traces of snow are still on the ground! They thrive under trees where very few plants will grow. They multiply rapidly and soon form very dense, colorful colonies.....

.55 1.20 4.50

MIXTURE OF "HERALDS OF SPRING" for Naturalizing

Here is a wonderful opportunity to become acquainted with all the charming Heralds of Spring. All the many different varieties are included. Planted together, they achieve a picturesquely show for many weeks. Plant as many bulbs as space permits under trees and shrubs, in rock gardens, fields and woodlands, on slopes, along streams and garden paths. They multiply very freely, returning each spring with more blooms than ever before.

Special Offer of for the Beginner's Spring Garden **HOLLAND TULIPS**

Many times a new home owner will say to me: "I want lots of spring flowers around my home but don't know what kind of bulbs to select, nor how, when and where to plant them. Can you help me?"

The answer to this problem is to be found on these two pages. For here, you will find all the bulbs you need for an abundance of flowers from early to late spring. For some important planting aids, see my QUESTIONS and ANSWERS column on page 27.

May-flowering Long-stemmed **TULIPS**

The Tulips offered here are the brightest of Tulip colors and will make your spring garden the center of attraction in your neighborhood! All the bulbs are Holland-grown—top-quality bulbs which will produce large-cupped flowers on stems 2 feet tall or more.

10 for 75c **100 for \$6.25** **25 for \$1.75**

When autumn leaves fall, the time has arrived for planting Holland bulbs. They can be planted until the ground is frozen.

A practical method to plant Tulips is to dig a hole about 6 inches deep. Set bulbs about 4 to 5 inches apart and replace the soil.

A naturalistic and informal setting is provided by Tulip plantings in the rock garden.

LONG-BLOOMING SEASON COLLECTION

This Collection enables you to plant your Tulips according to their blooming season. You can keep each group separate and plant your bulbs in those places where you want Tulip flowers at the time each group will bloom.

Collection E 10 BULBS EACH of above
5 TULIP groups 50 for \$3.60

Group planting is more effective than planting in single rows. Use only one color to each group.

Garden ornaments make excellent settings for group plantings of Tulips. Evergreens provide a fine backdrop.

A cheery note of "welcome" greets the visitor to this home with Tulips grouped along the garden path.

Do not remove Tulip foliage until it has died down. After Tulips have bloomed, plant annual seedlings between the Tulip plants.

7 TO 8 WEEKS OF CONTINUOUS TULIP BLOOMS!

Imagine having Tulips in bloom weeks before your neighbors, and even after most other Tulips have finished blooming!

A RIOT OF THE BRIGHTEST, GAYEST COLORS to make your garden a fairyland from early to late spring!

A WIDE ASSORTMENT OF VARIED SHAPES AND SIZES!

Unusual and odd-shaped Tulips which will amaze you with their beauty! Your garden will be the talk of the neighborhood. A full range of exquisite Tulips, from dainty miniatures to the bold giants! Some are single, others are double—just packed with so many petals they look like peonies! Includes star shapes, globular shapes, elongated shapes, and many, many other shapes!

Grand Mixture
MARCH TO MAY-FLOWERING TULIPS

100 for \$6.75

A WEALTH OF TULIPS FOR UNUSUAL FLORAL BOUQUETS!

Imagine having cut Tulips in your home for 7 weeks! You can make the most striking floral arrangements ranging from tiny, graceful bouquets to large, bold arrangements!

Dutch Uncle says:

Have Tulips blooming in March, April and May instead of only a few weeks in May! Plenty to cut from this mixture.

Special Offers of DAFFODILS • HYACINTHS HERALDS OF SPRING

for February, March,

Dutch Uncle suggests: If you're new at gardening, or if you're planting around a new home, these offers are especially for you! You, also, will be amazed how a planting of Holland bulbs in the fall, in only bare grounds, turns into a colorful garden over winter!

For a permanent planting and a wealth of flowers, plant Daffodils in clumps of 3 or more of a variety.

Daffodils left to grow wild.

DAFFODILS

These are, to my mind, the best investment in gardening! Daffodils not only give you a nice show so early in the spring, but they also will multiply very rapidly and bloom for you again and again for many years! I use them freely to cover spots that are bare in early spring, as a border in front of hedges, and under shrubs. It is their rich, yellow color, in particular, which brings life to your garden and brightens it in the spring. They're so easy to grow—just plant and forget about them.

THE BULBS TAKE CARE OF THEMSELVES

100 for \$6.25

25 GOLDEN DAFFODILS \$1.70

HYACINTHS

Why not plant Hyacinths close to your home where you can enjoy their beauty and fragrance each day of their blooming season. They're really wonderful for planting around your terrace, as edgings along your path or driveway, or a few clumps scattered here and there. Hyacinths give you the greatest variety of the brightest colors as no other flowering bulbs provide.

**SNOW-WHITE • CHINA-BLUE
DELICATE PINK • BRIGHT RED
CREAM-YELLOW**

Any of above 5 colors

3 for 60c **10 for \$1.60** 50 for \$7.00

RAINBOW MIXTURE of Colors

Who says mixtures just "don't go" in any garden? Well, that may be so with some flowers—but not with Hyacinths! These brilliant colors, mixed together, will give you one of the nicest displays you'll ever have!

25 for \$3.55 **100 for \$13.25**

**10 HYACINTHS \$1.55
MIXED**

Heralds of Spring planted in woodlands. A joy to behold in early spring!

3 each of 5 colors

A perfect setting for Hyacinths.

April Flowering

HERALDS OF SPRING

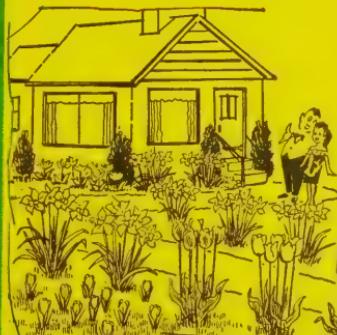

You're in for a pleasant surprise when you see these first flowers of spring popping up all through your garden! Some are the boldest flowers imaginable—quite impatient, for they will toss their heads right above the late winter snows! I always plant my Heralds of Spring very close to the house, instead of out-of-the-way spots. In that way, I can enjoy them every day. At this very special price, you just can't afford to miss the opportunity of enjoying these delightful flowers next spring! And they're not at all hard to grow. The only thing they ask for is that you plant them. Then, they want to be left alone without any fussing at all!

QUESTIONS AND ANSWERS

Holland-grown bulbs are the finest obtainable because they are produced by the world's foremost bulb growers who have generations of experience behind them. All bulbs ordered from this catalog are genuine Holland bulbs and come to you Direct from Holland. Grown and packaged in Holland, they assure you of healthy, top-quality bulbs capable of giving you the best flowering results.

- Are Holland BULBS DIFFICULT TO GROW?
No. Under normal conditions Holland bulbs will produce well-developed flowers because the flower buds are already formed inside the bulbs when you receive them.
- Do They Require ANY SPECIAL ATTENTION?
No. Once planted, the bulbs take care of themselves. No weeding—no spraying for insects. Without further bother, they will produce gorgeous flowers in your garden year after year!
- Where CAN I PLANT THEM?
Anywhere, in either sun or partial shade.
- What KIND OF SOIL DO THEY NEED?
No special kind. Any garden soil will grow them.
- Is FERTILIZER NECESSARY?
Chemical fertilizers are not advised. An application of an organic fertilizer such as manure or bonemeal is helpful.
- How MANY BULBS WILL I NEED?
Tulips require 5 to 8 bulbs per square foot, Daffodils 4 to 5 bulbs, Hyacinths 3 to 4 bulbs, and the Heralds of Spring about 12 bulbs.
- Do Bulbs NEED PROTECTION DURING THE WINTER?
No, they are hardy. If you live in a climate where the ground alternately freezes and thaws, cover the ground with a light mulch.
- Should I CUT OFF THE GREEN FOLIAGE AFTER THE BLOOMS ARE GONE?
No, let it die down naturally. The green foliage is necessary for the development of the new bulbs.
- Should BULBS BE TAKEN UP AFTER THEY BLOOM?
Daffodils, Heralds of Spring, and Lilies should be left undisturbed to multiply. Tulips and Hyacinths can remain in the ground for 3 years, but if you desire to move them to a new location, dig bulbs after the foliage has died down completely. Store bulbs in a cool place and replant in the fall.

Hardy Garden Lilies—

LYCORIS

Magic Lily of the Orient

Known as the "Hardy Amaryllis", these rare bulbs produce daffodil-like foliage in early spring. This dies down in early summer and, as if by magic, a flower spike suddenly appears in August. The soft pink, lily-like flowers are delightfully fragrant and carried on flower spikes 2 to 3 feet high. Perfectly hardy and will thrive under any normal garden conditions. Space the bulbs 12 inches apart, for they increase rapidly. Cover bulbs with 3 inches of soil.

Each 50c 10 for \$4.00

3 LYCORIS \$1.30

No other plants possess as many charms as Lilies. Available in such a variety of shapes and rich colors, they are stately in form and of such delicious fragrance they always stand out prominently in the garden. Lilies love to have their "heads in the sun and feet in the shade"—so provide a location where the base of the plant will be somewhat shaded.

LILIMUM CANDIDUM. (Madonna Lily.) Loveliest snow-white Lily. Delightfully fragrant. Height 4 feet. Blooms in June.....	3	10	\$1.20	\$3.50
HENRYI. Produces numerous recurved and pendent flowers of rich apricot-yellow. A sturdy and robust Lily. Height 3 to 5 feet. August.....	1	55	4.50	
LONGIFLORUM. (Easter Lily.) Large, pure white, trumpet-shaped flowers on stems 2 feet tall. Very fragrant and blooms profusely. July.....	1	00	2.75	
ORANGE TRIUMPH. Massive, chalice-shaped flowers of a remarkably brilliant orange color. Blooms in June on 3½-foot stems.....	1	10	3.00	
REGALE. White trumpet flowers, slightly yellow in throat. Outside of petals flushed delicate lilac-pink. Height 3 to 5 feet. Blooms in July.....	1	10	3.00	
SPECIOSUM RUBRUM. Delicate wavy flowers of frosted-white, suffused rose-pink with dainty crimson spots. Blooms August and September. Height 3 to 4 feet. 1	75	5.25		
TIGRINUM. Large, shapely flowers of the richest salmon-orange with purplish black spots. Grows 3 to 4 feet and flowers in August and September.....	1	00	2.75	

Dutch Uncle suggests:

Plant Lilies in the fall in preference to spring. When planted in the fall, they will have a much better chance to establish themselves and will produce better flowers the first season than when planted in the spring.

TERMS

DELIVERY. Our prices include transportation charges.

PAYMENT. We request customers to kindly send payment with order to avoid extra expenses for administration.

SERVICE CHARGE. For orders amounting to less than \$5.00, please add 25c to help us meet the high expenses involved with small orders.

PLANTING INSTRUCTIONS. Extensive and easy to follow cultural instructions will be enclosed with every order.

GUARANTEE. All bulbs are guaranteed to be true to name and sure to bloom. Our liability, however, is limited to the purchase price of the bulbs.

CLIVIA YEAR-ROUND
HOUSE PLANT

From Europe, come these rare evergreen house plants. Their glossy, dark green foliage, arching gracefully, makes them attractive and decorative all year round! They are fully developed plants with foliage 2 feet or more! In late January or February, the flower buds rise from the center of the plant. These develop into a giant cluster of flowers in an orange-red shade. A fool-proof house plant which can stand considerable neglect and is not choosy about light or location. Shipment in November.

31

Each \$4.25 3 for \$11.50

Bulbs for Indoors

Enjoy colorful spring blossoms and heavenly fragrance in your home during the drab winter months. It's easy to have these flowers in bloom *months* before they bloom outdoors!

CHRISTMAS HYACINTHS

These unusual Hyacinths bloom much sooner than ordinary Hyacinths and, if started early enough, will produce flowers for Christmas and January.

FAIRY HYACINTH BORAH. New and unusual. Each bulb produces numerous, graceful spikes of lovely soft-blue flowers. Each 3 10
\$0.45 \$1.20 \$3.50

The Exciting EXTASE. Enormous flower spike of dark red. Comes into bloom easily 60 1 65 5 00

ROMAN WHITE. Produces several charming, slender spikes of fragrant snow-white bells. 25 65 2 00

IRIS RETICULATA

Fragrant, miniature Iris growing 6 to 8 inches. Deep purple with golden spot. Can be easily forced to bloom about Christmas time. Plant 5 bulbs in a 4-inch pot.

10 for 75¢ 25 for \$1.65 50 for \$3.00

PAPER-WHITE NARCISSUS

The popular white, sweet-scented flowers can be grown in soil or in pebbles and water. For a continuous display, make successive plantings about every two weeks.

10 for \$1.00 25 for \$2.40 50 for \$4.50

Novelty GLOXINIAS

Flown direct from Belgium by AIR EXPRESS for early planting

Get an early start with your Gloxinias by being able to plant them in November! These novelty Gloxinias are very free flowering and produce very large blooms.

HOLLYWOOD. Ruffled flowers of rich, velvety purple.

TANNENBERG. Frilled flowers of brilliant crimson.

MIXTURE OF NEW HYBRIDS. A wide range of colors. Includes solid colored, striped, and speckled varieties.

Each 50¢ 3 for \$1.35 10 for \$4.00

Lily-of-the-Valley

Specially treated, fast-blooming pips!

Imagine having these exquisite, heavenly fragrant Lilies-of-the-Valley blooming in your home during the winter months! Their slender, graceful spikes are densely packed with dainty, white, bell-like flowers— $1\frac{1}{2}$ to $2\frac{1}{4}$ bells per spike—and their sweet fragrance is like a breath of spring! So easy to grow! Just plant the pips with the material we supply with shipment; in a bowl or pot or promptly upon arrival. Place in room temperature and keep them watered. Within only 3 weeks, they will come into bloom!

5 for \$1.20 10 for \$2.10 25 for \$4.75

Enjoy LILIES-OF-THE-VALLEY all through the winter!

You can obtain the greatest pleasure from these delightful flowers *all winter long* by planting the pips at regular intervals. **PERFECT FOR HOLIDAY and BIRTHDAY GIFTS**, and for special occasions! Since the pips cannot be kept dormant, we will make shipments to you or your friends every 2 weeks or every month, as you prefer, from October to April—but only in units of 10 or 25 pips. See order blank.

*The Inside Story of
Amazing Prepared Amaryllis*

Prepared Amaryllis have undergone a newly developed treatment in Holland during the summer months for the purpose of advancing their flowering time by several months. This photo of a *prepared* Amaryllis bulb, cut through, shows how the treatment of these bulbs has produced a fully formed flower bud inside the bulb as early as October 16. This treatment enables you to have Amaryllis in bloom around the holidays—months ahead of unprepared bulbs, which usually do not bloom before March!

Magnificent DEEP RED

\$3.75 each

3 for \$10.00 10 for \$29.50

PURE WHITE

\$4.00 each

3 for \$10.70 10 for \$31.50

Have Amaryllis in bloom for the holidays! This outstanding Holland strain is specially prepared for early blooming and produces the most beautifully formed flowers of immense size, opening full and wide. Usually four flowers of the richest, purest colors are produced on each stem and often a second stem appears after the first has finished blooming! This is a selected Holland strain, not to be confused with ordinary Amaryllis. Soon after planting *prepared* Amaryllis, a flower bud will appear. It is exciting to watch the spike push its way upward, day by day, and burst into bloom only 6 to 8 weeks after planting! Easy to grow! Just pot and place in warm, lighted room. The bulbs will be rushed to you promptly upon arrival from Holland—about mid-October.
